

UTAH EDUCATOR LICENSES

Local Education Agency (LEA) Specific License

An LEA-Specific educator license, including areas of concentration and endorsements, is issued by the state board at the request of an LEA's governing body (i.e.-local school board) that is valid for an employee to fill a position in the LEA if other licensing routes for the applicant are untenable or unreasonable. The LEA governing board agrees to provide the documentation and support outlined in the Utah Office of Administrative Rules [R277-301-7: LEA-specific Educator License Requirements](#) [\(External Web Content\)](#)

DISCLOSURE: Endeavor Hall Charter School will consider hiring individuals holding an LEA Specific-License.

Associate Educator License (AEL)

The AEL is for anyone who wants to become a Utah teacher and needs to use an alternate pathway to earn a Utah Professional Educator License. A potential educator must have a Bachelor's degree from a regionally accredited university or have appropriate CTE expertise certification. **Please be aware that an AEL is a temporary, non-transferable license.** In order to move from an Associate Educator License to a Professional Educator License, you will need to be hired at a Utah LEA with an approved alternate educator preparation program, and work with your employing LEA to complete all requirements for the Professional Educator License.

If you are already enrolled in a university-based licensure program and need an AEL, please have your university program contact the Utah State Board of Education to request an AEL on your behalf.

Professional License

A standard Level 1 license is a Utah professional educator license issued upon completion of an approved preparation program, an alternative preparation program, or pursuant to an agreement under the National Association of State Directors of Teacher Education and Certification (NASDTEC) Interstate Contract, to candidates who have also met all ancillary requirements established by law or rule.

A standard Level 2 license is a Utah professional educator license issued after satisfactory completion of all requirements for a Level 1 license as well as the Entry Years Enhancement (E.Y.E.) requirements established by law or rule relating to professional preparation or experience.
